Calls for proposals

Calls for proposals are funding opportunities issued by the European Union institutions, agencies and bodies. These are direct financial contributions, known as grants, that are awarded to third-party beneficiaries (e.g., research organisations, public entities, non-governmental organisations, and private companies) to engage in activities that serve EU policies.

Proposal Part B (2)

1. Relevance

- Background and general objectives
- Specific objectives
- Compliance LIFE and call topic
- Concept and methodology
- Upscaling of other EU projects
- Complementarity with other actions
- Synergies and co-benefits LIFE
- Synergies and co-benefits other policies

Award criterion 1: Relevance (0-20)

- Relevance of the contribution to one or several of the specific objectives of the LIFE programme and the targeted sub-programme;
- Extent to which the project is in line with the description included in the call for proposals, including, where relevant, its specific priorities;
- Soundness of the overall intervention logic;
- Extent to which the project offers co-benefits and promotes synergies with other policy areas relevant for achieving environment and climate policy objectives.

Proposal Part B (3)

2. Impact

- Ambition of the impacts
- Credibility of the impacts
- Sustainability of results
- Exploitation of results
- Catalytic potential – replication and upscaling

Award criterion 2: Impact (0-20)

- Ambition and credibility of impacts expected during and/or after the project due to the proposed activities, including potential negative impacts on the other specific objectives of the LIFE programme, including ensuring that no substantial harm is done to those objectives.
- Sustainability of the project results after the end of the project.
- Potential for the project results to be replicated in the same or other sectors or places, or to be up-scaled by public or private actors or through mobilising larger investments or financial resources (catalytic potential).
- Quality of the measures for the exploitation of project results.

Proposal Part B (4)

3. Implementation

- Workplan
- Stakeholder input and engagement
- Work packages and activities
 - Objectives and results
 - Activities and tasks
 - Milestones and deliverables

Award criterion 3: Quality (0-20)

- Clarity, relevance and feasibility of the work plan;
- Appropriate geographic focus of the activities;
- Quality of the plan to monitor and report impacts;
- Identification and mobilisation of the relevant stakeholders;
- Appropriateness and quality of the proposed measures to communicate and disseminate the project and its results to different target groups.

Proposal Part B (5)

4. Resources

- Consortium set-up
- Project management
- Green management
- Budget
- Risk management

Award criterion 4: Resources (0-20)

- Composition of the project team - of a consortium or of a sole beneficiary - in terms of expertise, skills and responsibilities and appropriateness of the management structure.
- Appropriateness of the budget and resources and their consistency with the proposed work plan.
- Transparency of the budget, i.e. the cost items should be sufficiently described.
- Extent to which the project environmental impact is considered and mitigated, including through the use of green procurement.. The use of recognised methods for the calculation of the project environmental footprint (e.g. PEF or OEF methods or similar ones) or environmental management systems (e.g. EMAS) would be an asset;
- Value-for-money of the proposed project.

Proposal Part B (6)
